Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.From Schism Press Books are there to amaze us: Márk Horváth and Ádám Lovász have certainly done that. I m not sure I ve read a more paranoiically invigorating and inclusive text since Negarestanis Cyclonopedia. This book is a wonderful mashup of critique and mysticism, deconstruction and speculative realism. It s like Dialectic of Enlightenment on bad acid and crammed with scientific research. The reach of scholarship in here amazes me: weve got OOO and Deleuze, but we also have Lyotard and Irigaray and Blanchot. This book is an invaluable polemic against the idea that breaking down the boundaries between things is always best. Global warming is doing an excellent job of reducing the "islands of ice" (the icebergs) to their oceanic environments. Is that good? Timothy Morton This book exhibits the beauty of a random encounter between a sewing machine and an umbrella on a dissection table; it is consistent with its self-inflicted predicament: the shadow of Maldoror haunts it like it should, no less, no more, lightly and deeply. At this particular juncture (passim), Mark Horvath and Adam Lovasz write: Immanence has become horrific, but this does not mean that we should seek and escape from the terror. (114). I endorse it like any poet would, in awe of its dramatic mastery over nihilism, . Junking Isidore-the-first, I offer: may it please heaven that the reader, emboldened, and become momentarily as fierce as what he reads, find without loss of bearing a wild and sudden way across the desolate swamps of these somber, poison-filled pages; for unless he brings to his reading a rigorous poetry and a tautness of mind equal at least..
