Createspace, United States, 2012. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.Experiments that really work. This book is a set of four educational and fun projects for kids age 10+ requiring materials you probably have on hand. This series is designed for teachers, parents, homeschool families, grandparents, tutors, and babysitters. Adult supervision is suggested for all projects. You will find reproducible worksheets (templates) with each project. Thanks for playing! Project 1: Letting Goop Spark Creative Writing There is nothing like a messy science experiment to inspire the reluctant writer. Have fun as you make a mess and inspire imaginations with this project. Project 2: Make a Rainbow in a Jar The difference between a pound of cotton balls and a pound of rocks is density. This project is a colorful way to demonstrate density with water and a few secret ingredients that can be found in almost every kitchen. Project 3: How to Make a Lava Lamp This project addresses the mad scientist, artist, and writer in us all. The home-made lava lamp is a great pick-me-up project for any time of day. Students love it. Project 4: How...
